The LOCALNetter™ Newsletter is the only monthly publication devoted solely to the field of local networks. The local network business is growing at a rate of 50% each year. Can you afford not to be a subscriber to the LOCALNetter™ Newsletter? From the LOCALNetter™ you will learn about the HYPERbus™ when it is introduced. You will be able to read profiles on state-of-the-art equipments like NET/ONE™ and HYPERchannel™. You will be able to follow local network standards activities. A subscription to The LOCALNetter™ Newsletter will bring you definitive news on local nets every month, as the developments happen; as the news is made! For the price of your subscription you will know what we know—and we are *the specialists in local networks.*
